

International Faceting Challenge Report

Due to the unfortunate cancellation of the 2020 Gemboree we were not able to present a display of the IFC entries. There were 14 entrants submitting 42 stones. There were 6 entrants from Australia, 3 from the USA, 1 from the United Kingdom and 4 from Taiwan. Due to insufficient entrants from other countries to make up their teams, the Challenge Cup was not contested therefore only the Individual Competition took place. As can be seen from the results below there were several 100 point entries, congratulations to all.

Congratulations to Liao Man Ling from Taiwan taking out Champion Facetor with a perfect total score of 300 points.

The IFC committee wishes to thank all contestants for keeping this prestigious competition alive and well and we look forward to a bigger challenge in 2022.

A special thank you to our Judges Anne Kennon, Colin Wright & Paul Sabolta for a terrific job in judging the entries and a special thank you to Phillip Sabolta for designing the new IFC banner.
